

More, Earlier & Better Conversations to Improve Serious Illness Care: A Joint Webinar by Ariadne Labs and Honoring Choices MA

LIVE Webinar for Physicians, Nurses, Social Workers, Clergy and All Care Providers

Tuesday, Sept. 12th, 2017, 12:00-1:00pm ET

Ariadne Labs and Honoring Choices have teamed up to offer a health care planning road map for early and effective conversations all through an adult's health care journey. The new **"Health Care Planning Road Map"** outlines the tools, discussion guides and types of conversations providers can initiate at each phase health.

Dr. Rachelle Bernacki, Ariadne Labs, will provide a comprehensive review of the **"Serious Illness Conversation Guide"**. Learn how to start difficult conversations for adults with serious illness to better align care to a person's values, goals and choices.

In this webinar, we will:

- Offer interdisciplinary providers a structured approach to planning discussions, that begins at 18 years old and continues through adulthood;
- Provide a road map of the types of discussions on the journey that outlines who, when, and how to have these discussions;
- Describe the **"Serious Illness Conversation Guide"**, a structured, evidence-based approach, for patient-clinician conversations about values, goals and choices for patients with a serious illness

Presenters:

- **Rachelle Bernacki, MD, MS**, is the Associate Director of the Serious Illness Care Program at Ariadne Labs; Director of Quality Initiatives, Psychosocial Oncology and Palliative Care at the Dana-Farber Cancer Institute
- **Francine Maloney, MPH**, is an Implementation Specialist on the Implementation Platform, Ariadne Labs
- **Ellen DiPaola, Esq.**, President & CEO, Honoring Choices Massachusetts

To Join the Free Webinar:

1. Go to: <https://ariadnelabs.webex.com/ariadnelabs/onstage/g.php?MTID=ea2b52b3721bb78f8fb1c59ef9f241aeb>
2. Enter your name and email address
